QUESTION ONE

- (a) The shares of United Limited, a private company are held by Jane, John and Alex. Jane and John hold 90% of the company's shares. However, they feel that the company is in need of further capital but due to squabbles, they are not willing to inject additional funds as long as Alex still holds some shares in the company. Further, Jane and John believe that Alex has another business which is competing with that of United Limited. To resolve the problems, Jane and John propose to alter the company's articles of association by adding two new articles.

The first article will enable the shareholders of 90% of the company's shares to compulsorily acquire the shares of the minority shareholder. The second article will require any shareholder who carries on competing business with the company's business to transfer his shares to the nominee of the directors.

Alex is aggrieved by the proposed alterations and comes to you for advice.
